

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusions

Based on the data analysis and research finding in chapter IV, students' speaking ability in descriptive text at SMP-IT Al-Ihsan Boarding School can be concluded as follows:

1. The mean of students' speaking ability in descriptive text of the Eight Grade Students at SMP-IT Al-Ihsan Boarding School was classified into “**very good**” level with the score category 80-100 for 66.6% of the total population

B. Suggestion

Teaching speaking by using Gesture can improve students' speaking ability. Based on the findings, the researcher proposes some suggestions as follows.

1. As the time students speak English text at school, it is not enough; it is a good idea for the students to practice learn more about strategy and the advantage of practice it
2. It is suggested to the next researcher who explores other factors that can effect better improvement on speaking ability.
